

LOCATIONS

Conference Venue	Doelenzaal @ Unviersity Library 425 Singel
Hotel	Hotel Casa Eerste Ringdijkstraat 4
Pre-conference Drinks	Drovers Dog Wibautstraat 206
Conference Dinner	De Ysbreeker Weesperzijde 23

TRANSPORTATION

Metro 51/53/54	To conference: Station: Amstel or Wibautstraat Towards Waterlooplein/Centraal Exit: Waterlooplein 12 minute walk along Singel To hotel: Station: Waterlooplein Towards Amstelstation Exit: Amstel or Wibautstraat
Conference map:	https://goo.gl/rTD74y

Thursday – 28 September

- 9:30 – 10:00 Jakub Szymanik: Introductory Remarks
- 10:00 – 10:40 Camilo Thorne (Stuttgart)
Semantic Complexity and Corpus Analysis
- 10:40 – 11:20 Fabian Schlotterbeck (Tübingen)
Processes involved in the verification of modified numerals
- 11:20 – 11:40 Coffee Break
- 11:40 – 12:20 Stephanie Solt (Berlin)
Do quantifiers count?
- 12:20 – 13:00 Arnold Kochari (Amsterdam)
Is the generalized magnitude representation system involved in processing vague adjectives and quantifiers?
- 13:00 – 14:00 Lunch Break
- 14:00 – 14:40 Napoleon Katsos (Cambridge)
How children learn 'some,' 'all,' and 'most,' words
- 14:40 – 15:20 Olivier Bott (Tübingen)
Empty-Set Effects in Quantifier Interpretation
- 15:20 – 16:00 Jakub Dotlacil (Amsterdam)
Proportional and non-proportional quantifiers in ACT-R
- 16:00 – 16:20 Coffee Break
- 16:20 – 17:00 Raffaella Bernardi and Sandro Pezzelle (Trento)
Quantifiers and proportions in language and vision: insights from behavioral and computational studies
- 17:00 – 17:40 Shane Steinert-Threlkeld (Amsterdam)
Learnability and Semantic Universals
- 20:00 – Conference Dinner @ De Ysbreeker

Friday – 29 September

- 9:20 – 10:00 Yosef Grodzinsky (Jerusalem)
Quantifier Polarity, Comparatives, and Verification Strategies
- 10:00 – 10:40 Stefan Heim (Aachen)
If so few are “many”, how many are “few”?
- 10:40 – 11:20 Giosuè Baggio (NUST)
Quantifiers, models, and the role of parietal cortex in a neural theory of interpretation
- 11:20 – 11:40 Coffee Break
- 11:40 – 12:20 Nina Gierasimczuk (Copenhagen)
Plurality of perspectives on meaning acquisition
- 12:20 – 13:00 Dariusz Kalociński (Warsaw)
Adaptation of meaning to environmental constraints: road to ‘most’
- 13:00 – 14:00 Lunch Break
- 14:00 – 14:40 Hadas Kotek (New York)
Quirks of superlative ‘most’
- 14:40 – 15:20 Maria Spsychalska (Cologne)
Pragmatic effects on the processing of quantifiers
- 15:20 – 16:00 Barbara Tomaszewicz (Cologne)
Proportional and Superlative ‘Most’ in Visual Verification Tasks
- 16:00 – 16:30 Closing Remarks & Discussion
